Directions

Please watch the full video tutorial for thorough demonstration

1. Following the cutting instructions cut all the panels required for this project.

2. Layer the back panel + insulated batting + batting + front panel.

Baste, then quilt as desired.

3. Layer the back pocket panel + insulated batting + front pocket panel.

Baste, then quilt as desired.

7. Using a small circle object (e.g. mug, bowl, etc), create soft curve on each corner of the main panel, and the bottom corners of the hand pocket panels.

8. Make the bias tape.

Note: Feel free to use premade bias tape instead (make sure the material is 100% cotton).

9. Bind the top edges of the hand pocket panels.

10. Position the hand pocket panels on both sides of the main panel, clip to secure them in place.

11. Finish the oven mitts with binding.
